## payment deadline for test resit exams

aug 12 | 5:00pm

## short programs othm external assessment and certification fee

sep 12 | 5:00pm

# important notes | courses, assessment rules and resit

---

## GRADE REQUIREMENT AND CERTIFICATION

- 1) The program is delivered (taught) by AIMu, but the certification is awarded by OTHM. OTHM is an Ofqual approved UK Qualification Awarding Organization.
- 2) A separate external assessment and certification fee is paid by the learner to OTHM. You should follow the schedule and ensure that you do not miss the external fee deadline.
- 3) To earn the certificate, short diploma, or undergraduate diploma you must earn a PASS Grade on all courses in your program.
- 4) The Quizzes and Tests are 50% of the course grade, and mandatory for all learners.
- 5) Term Papers contribute the next 50% of the course grade. Term papers are only done by learners on short diploma and degree-level programs.

## MULTIPLE-CHOICE ONLINE TESTS: OPEN-BOOK PRACTICES QUIZZES AND CLOSED-BOOK TESTS

- 6) Your program consists of courses. Select the correct courses, and attend the classes online, or face-to-face if the timetable list it at a study center. Distance learning is also an option.
- 7) Attend the online classes and access lesson notes and videos (called learning modules) by signing into our learning management website: [www.freeuniversitycourse.com](http://www.freeuniversitycourse.com).
- 8) Each course is organised into four Learning Outcomes, LO1, LO2, LO3 & LO4 with assessments such as open book practice quizzes, closed-book final tests, and term papers.
- 9) All learners must complete the open-book multiple-choice practice quizzes. The required quiz score is 100% to advance to the final test for the said learning outcome.
- 10) All learners must complete the tests. There is one closed book online multiple-choice test for each Learning Outcome: Thus, each course has four tests. Pass grade for a test is 70%.
- 11) Take the Open-Book Quizzes in your own time, but the graded Multiple-Choice Tests have set dates as shown on the schedule above.
- 12) For each of the Learning Outcomes, you MUST finish the quizzes with 100% to take that test. Sign into your dashboard 10 minutes before the scheduled test.

## TERM PAPERS

- 13) Term Papers are organised into four Learning Outcomes: LO1-LO4 and a mix of assessment approaches, e.g. research reports, essays, oral presentations, exams, case studies, practical etc.
- 14) You must obtain a PASS Grade on all the assessments in the term papers (LO1-LO4) to pass the course.

## RESIT AND FEES

- 15) The Price to Resit a test or term paper is: \$65 (per Test/Term Paper).
- 16) Term Papers: these are graded pass or refer/resit. You must meet the published deadline. If you fail the exam or submit the assignment late, it's a Resit.
- 17) Test Scores: If your test score is lower than 70%, you must resit that said test on the published resit date shown in the schedule above.
- 18) If you fail a Test, or for any reason whatsoever did not take it on the set date, you will still progress to the next Learning Outcome but will resit that test you failed or missed.
- 19) You can only Resit the same test or term paper once. After ONE unsuccessful resit attempt, the final course grade is Fail. You will take over the class you fail to complete successfully.
